FROM MZUMBE TO GREECE: ERASMUS+ EXPERIENCE IN MOTION

Two Mzumbe University students, Getrude Gabriel Komba (School of Business) and Mifuko Elias John (Faculty of Social Sciences), are currently undertaking their Erasmus+ academic mobility semester at Hellenic Mediterranean University.

Already immersed in academic life in Greece, the students are experiencing international classrooms, engaging with diverse cultures, and expanding their global perspectives through this exciting exchange programme.

The mobility reflects Mzumbe University's continued commitment to internationalisation and to preparing globally engaged graduates through academic exchange, intercultural learning, and participation in international academic communities.

From the lecture rooms of Mzumbe to the historic island of Crete, Getrude and Elias are proudly carrying the Mzumbe spirit beyond borders.

We wish them continued success and an unforgettable Erasmus+ journey!

Their personal reflections, experiences, and cultural discoveries from Greece will soon be featured in our Beyond Borders Series.
